Eurocruiser Caravans

Eurocruiser is an exclusive new range of caravans with slide-out rooms manufactured by the creators of Airstream. With interiors that harmonise rich solid cabinetwork, contemporary cloth upholstery or a luxurious leather finish. Whether a couple or a family, all of our layouts are designed with you in mind. Boasting a fixed king size island bed in our Eurocruiser 690 or a fixed super king bed with permanent bunks in our 640. Making up beds after a hard day relaxing, will be a thing of the past.

For the all season caravanner, Eurocruiser builds in features as standard that are optional on many other brands. From the heated and enclosed under belly - so you never get a cold floor, to air conditioning - for those hot summer days and large onboard tanks - leaving longer between fill ups and emptying.

Giving you more time to take it easy.
